## QDS: Service Made Simple

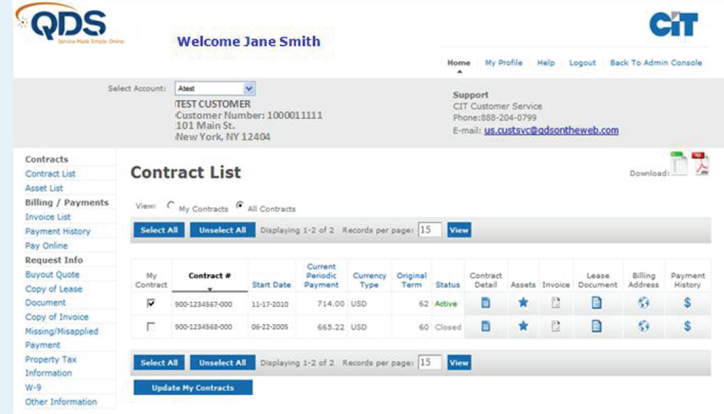

### Quality Digital Solutions

Quality Digital Solutions (QDS) service portal provides you with immediate and efficient online access to the information you need to manage your lease portfolio.

### Effectively manage your portfolio online

We provide tools like QDS to ensure it's easy to do business with us. QDS allows you to:

- Review the details of your current lease agreements
- Track leased equipment and locations
- View invoices and payment histories for the past 12 months
- Customize your invoice: allocate charges, personalize descriptions, sort and subtotal costs
- Make payments online
- Identify when we received payments and how we applied them
- Download contracts, invoices, payment histories and asset details
- Communicate with our servicing department through e-mail

### Easy for Customers to Get Started

You simply need your invoice to complete the self-registration process at:  
[www.qdsontheweb.com](http://www.qdsontheweb.com)

- Receive e-mail notifications when invoices are available online
- View and print finance documents
- Use QDS information to assist with Sarbanes-Oxley Act compliance

Providing tools like **Quality Digital Solutions** is one of the many ways we ensure you receive the quality customer care you expect.
